

Paul Lonergan - solar energy development

*With 30 years of diverse real estate experience from 1977 to 2006 Paul's wealth of experience is now being applied to **the renewable energy industry since 2007.***

In 2007 embarked into solar industry as co-founder of SunJuice Energy Corporation

sunjuiceenergycorporation

Paul worked with Sanyo Corporation in 2007

SANYO

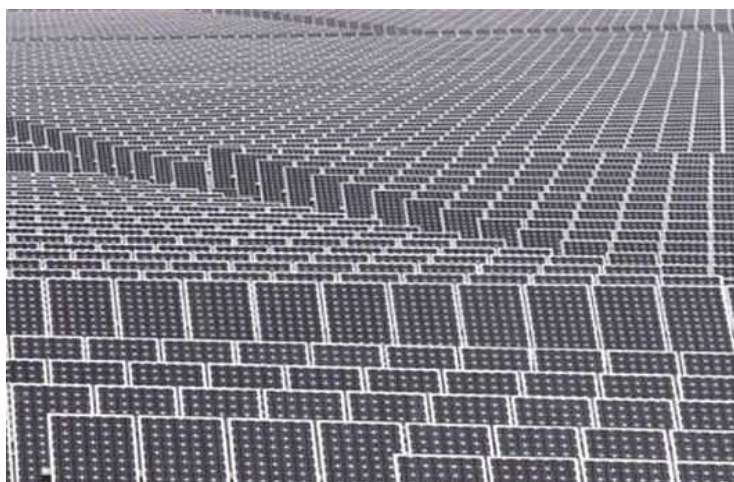

In 2007 Paul met directly with industry pioneer Jigar Shah, the creator/founder of Sun Edison.

Paul introduced The Remington Group to renewable energy in 2007.

In June of 2008 Paul introduced Samsung to the Ontario provincial government resulting in the historic \$7B deal that led to the creation of 2009 The Green Energy Act of Ontario.

Now with the Solar Income Fund Paul is available to work with building owners for rooftop development, land owners for groundmount projects and providing investors attractive returns based on government contracts while helping Ontario make the transition to a renewable energy economy.

If you have any questions about how you can benefit from the Ontario Green Energy Act or about the Solar Income Fund, feel free to email or call Paul.
